

LABOR FINDS IRISH WANT A REPUBLIC

Henderson Heard Contempt
Only for Lloyd George's
Home Rule Proposal.

CARSON PREDICTS CRISIS

Sinn Fein Now in Prison Is
Chosen to Be Lord Mayor
of Dublin.

LONDON, Jan. 30.—Ireland is almost universally opposed to the Home Rule proposal recently advanced by Premier Lloyd George, treating his plans with little short of contempt, according to Arthur Henderson, the labor leader, speaking on his return from Ireland with the Labor party delegation which made a two day tour of inspection and inquiry. The desire for an independent republic was widespread and frankly expressed, Mr. Henderson said.

Sir Edward Carson has written to the Labor Unionist Council that when the new Irish Home Rule bill is presented to the House of Commons it will be confronted with the most difficult and critical situation that has yet arisen, and that it will be fraught with the gravest consequences. He adds that as soon as the bill is published he will go to Ulster to confer with all classes on the question what it is best to do, "having regard for the pride we feel in doing the best for the United Kingdom and the Empire."

DUBLIN, Jan. 30.—When the new Municipal Council, composed mostly of Sinn Feiners, met for the first time today it was greeted with the greatest enthusiasm by huge crowds as the Republic flag was hoisted on the City Hall. Among the spectators within the hall were Mrs. Clark, widow of Thomas J. Clark, one of the executed leaders of the Easter rebellion in 1916; Mrs. McBride (Maud Gonne) and Mrs. Wyse Power, who was elected a Municipal Councillor, but was disqualified by the Town Clerk because she refused to sign the roll except in Gaelic.

Retiring Lord Mayor O'Neill proposed Tom Kelly, Sinn Fein Member of Parliament, who is in New Woodstock, as his successor. Alderman Cosgrave seconded the motion, saying that Kelly, behind prison bars as he was, had an easier conscience "than the puppets propping up the Castle."

TO SHOOT WORDS AS GUN SHOTS SHELLS

New Instrument Uses Rays of
Light.

LONDON, Jan. 30.—In a small room at the Imperial College of Technology, South Kensington, Prof. A. C. Rankine is perfecting an instrument which shoots messages as a gun shoots shells.

A person talking into a trumpet attached to a minute mirror reflecting a strong light can send a message to any distance reached by the beam of light. The words spoken are intercepted, it is said, by the words being intercepted, it is said. The words spoken are intercepted, it is said, by the words being intercepted, it is said.

SUGAR PROFITEERING CHARGE.

Seventeen Wholesale Grocers in
Chicago Are Indicted.

Special Dispatch to THE SUN.
CHICAGO, Jan. 30.—Seventeen of the leading wholesale grocers of this city were indicted by the Federal Grand Jury today on charges of having made illegal gains by profiteering in sugar.

The Grand Jury returned indictments against twelve of the men today and another indictment naming five individuals was suppressed for service. The firms were charged with conspiracy to use deceptive methods in the sale of sugar. Others were charged with exacting improper profits.

EXPERTS CONDEMN RUSSIAN TRADE PLAN

Have Little Hope of Cooperative
Success.

Special Cable Dispatch to THE SUN from the
London Times Service.
LONDON, Jan. 30.—Russian trade experts now in London heartily condemn the allied proposals of trade with Russia. The experts bound together by the association include leading directors and owners of the greater number of the industrial concerns and commercial enterprises of Russia. They do not think it possible that cooperative organizations with which it is proposed to open trade relations will be able to fulfil the extremely heavy task which is imposed upon them. Cooperatives have never been more than a part, and not the most important part at that, of the economic machine of Russia. Revolution and Bolshevism have not contributed to their strength.

Furthermore, attempts to trade through cooperatives, even in anti-Soviet Russia, have not given the expected results. Russian commercial leaders believe that the public opinion can easily be misled by the propagation of exaggerated hopes relative to the possibilities of Russian exports. In south Russia there is a certain surplus of grain supplies, but farmers will deliver their produce only in immediate barter against manufactured goods.

Should British and American exporters take goods to Russia and try to help the cooperatives to organize barter and trade, what, it is asked, would be the fate of those goods? What would be the guarantee against requisition in a country which does not recognize private property? Would not those goods have to be put under the protection of some international armed force?

BORAH LEADS FIGHT ON AIR SERVICE BILL

Reminds Republicans of
Economy Promises.

WASHINGTON, Jan. 30.—The new bill to create a separate department of the air encountered further vigorous opposition today in the Senate. Senator Borah (Idaho) leading the attack against the measure on the ground of extravagance. Urging its passage, Senator Wadsworth (N. Y.), chairman of the Military Committee, asserted that the next great war involving this country would be ushered in with an air battle off the coast and warned the Senate to prepare against that day.

Opposition to the bill as far as it would separate the army air service from its status as an integral part of the army also was expressed in a letter from Gen. Pershing, made public during the day by Representative Fisher (Tenn.).

In his attack on the bill Senator Borah took occasion to warn his Republican colleagues that the party's "special promise" of economy at the last election was not being carried out in Congress. He also referred to the Committee on Platform and Policies appointed recently by Chairman Hays of the Republican National Committee, as a committee "of 157 varieties" adding that "the gifted gentlemen" who composed it "cannot convince the people against the record being made here."

FRANCE POSTPONES RISE IN BREAD PRICE

Strike of Butchers May Add
to Cost of Meat.

Special Cable Dispatch to THE SUN.
PARIS, Jan. 30.—Paris still is agitated over the conditions which menace its supply of meat and bread. Promised relief in the threatened increase in the cost of bread has been counterbalanced by a strike of the butchers in the slaughter houses in sympathy with a strike of the margarine makers.

It was arranged that the increase in the price of bread should be effective February 1. Now it is announced that the date would be postponed to allow consideration by the Ministry of Commerce for the protection of the poor with large families. There is every prospect that while the measure is regarded as inevitable the unpopularity of a sudden rise in the price of bread in the middle of winter will cause the new Ministry to wait until spring weather relieves the population of the extra expense of heating and lighting and the first vegetables will be easily obtainable.

KERENSKY URGES END OF BLOCKADE

Only Way to Combat Bol-
shevism, He Says.

MANCHESTER, England, Jan. 30.—In the course of an interview with the Manchester Guardian Alexander Kerensky, former Premier of Russia, said he had seen the declaration of the British labor leaders demanding immediate peace with Soviet Russia, and that he considered it very serious and symptomatic, particularly as it came from men who nobody could suspect of sympathy with Bolshevism.

As regarding his own attitude and that of his political friends toward the Bolsheviki government in Russia Kerensky said there had been no change in it, and that they would continue to combat Bolshevism in the name of democracy and of the working classes, and that he believed they would be successful if the allied Governments would not interfere. He thought those Governments had been playing into the hands of the Bolsheviki for two years.

Kerensky described the blockade of Russia as a crime and declared if it were continued longer it would drive the people to desperation with appalling consequences. He expressed the opinion that the only possible policy was to raise the blockade immediately, and the only chance of enabling the people of Russia to rid themselves of Bolshevism and establish a free and democratic regime was to throw Russia open, to reestablish free relations with the rest of the world, as the effect of enclosing her was that the Russian people were cut off from all information except that supplied them by the Bolsheviki.

GERMAN ASKED TO LEAVE SCHLESWIG

Burgomaster to Vacate Ple-
bisite Area.

FLANKENBURG, Schleswig, Jan. 30.—The International Commission for the Schleswig plebisite area has requested Herr Todsand, the Burgomaster under the German regime, to quit the plebisite region by 6 P. M. on Saturday.

BERLIN, Jan. 30.—Charges that Danes are using gifts of bacon, sausage, butter and clothing in connection with their campaign preliminary to the Schleswig plebisite are made by the correspondent of the Tagblatt. He says several Germans who have recently announced they would vote in favor of Danish occupation have been dubbed "bacon Danes" by their compatriots.

The rate of exchange enables the Danes to conduct a lavish propaganda, the correspondent says, and they are buying much real estate in the city of Flensburg, where they now own three newspapers. The correspondent, nevertheless, predicts the result will favor Germany, "if all those eligible to vote report on election day."

GEN. YUDENITCH GETS HIS FREEDOM

Released as Result of Anglo-
French Pressure.

LONDON, Jan. 30.—Gen. Nicholas Yudenitch, commander of the Russian northwest army, whose arrest was reported here yesterday in advices from Reval, is said in semi-official quarters to have been released as a result of pressure exerted by French and British authorities there. Everything is reported quiet at Reval.

The arrest of Yudenitch by Gen. Blakavitch, a former officer of the northwest army, was a personal affair growing out of Blakavitch's animosity toward his old chief, according to diplomatic advices received today. Blakavitch has no official status and is merely a member of the recently disbanded northwestern army. He is said to be a Russian adventurer who formerly served in the Bolsheviki army.

U. S. to Buy Supply Bases.

WASHINGTON, Jan. 30.—The Senate Military Committee today decided to recommend purchase of land to acquire full ownership by the Government of the supply bases at New Orleans, Brooklyn and Norfolk.

HAMILTON ADMITS SECRET MARRIAGE

Grandson of Late J. P. Morgan
Defends Course and Hopes
His Parents Will Relent.

MET HIS FATE IN PARIS
Lieutenant Going Into Civil
Life Soon and Is Sure He
Will Win Success.

Special Dispatch to THE SUN.
BOSTON, Jan. 30.—Lieut. Laurens Morgan Hamilton, grandson of the late J. P. Morgan, is in hiding and endeavoring to avoid publicity following his secret marriage to Mrs. Gertrude W. Warren, the New York and Paris widow.

Rooms had been reserved for the bride and bridegroom at the Hotel Somerset. They did not stay at the hotel, however, and, while it was reported at first they were in search of a kitchenette apartment in the suburbs it was learned to-night that Lieut. Hamilton and his bride left Boston this evening for an unannounced destination, presumably the West.

Although Lieut. Hamilton still is attached to the headquarters staff of the Northeastern Department here he has obtained a long leave of absence.

"There would not be any use in getting married at all if it made no difference to the woman," said Lieut. Hamilton to-day in defending his marriage to Mrs. Warren, who, he said, met him in Paris while he was serving under Brig-Gen. Harris. He declared he had made good make a success in civil life in the event that his parents persist in their disapproval of his marriage.

"After we met in Paris," said Lieut. Hamilton, "our romance was continued in this country. I knew that my parents would object to my marriage but I made at the present time, alleging my age as an excuse.

"But I have had much experience with the world and my military training was a splendid education. I have had the highest praise from all the officers I have served under. So I must have some judgment."

"If a man does not choose his own mate, what is the use of getting married? I believe that my parents will be reconciled to my choice when they know more of my wife. Of course one feels the coldness of parents and especially the mother, but I hope this will soon pass away."

"We were married in Portsmouth, N. H., when I took up my duties with Gen. Edwards. I expect to return soon to civil life. This is entirely my own affair. I know what I have done and any man who had my experience would have done likewise."

Mrs. Hamilton, who is said to be ten years the senior of her husband, was formerly the wife of Gregory Warren, a prominent New Yorker, who died two years ago. She took up war work in Europe and was a passenger on the steamship Russia which was torpedoed on the French coast. She is an American and was born in Kentucky.

Turn Down Branch Bank Bill.

WASHINGTON, Jan. 30.—By a vote of 7 to 3 the House Banking Committee today decided against a favorable report on a Senate bill authorizing national banks having surplus and capital of \$1,000,000 or more to establish branch banks.

Girl Music Student Ends Life.

Lulu Jones, 27, who came here from a small Mississippi town to study music, was found in a top floor hall bedroom yesterday at 453 West 144th street dead from self inflicted knife wounds at her wrists and throat. A friend said she had been ill for several days and had become despondent.

U. S. CANNOT HIRE GUARDS FOR LIQUOR

Legislation Needed to Appro-
priate Money Necessary.

Special Dispatch to THE SUN.
WASHINGTON, Jan. 30.—No money can be appropriated directly for the guarding of the liquor still remaining in the country until further prohibition legislation is enacted, according to a ruling made by the House of Representatives by Representative Tilton (Conn.), acting as chairman of the Committee of the Whole during the consideration of an additional appropriation of \$1,000,000 for the enforcement of prohibition.

On a point of order made by Representative Gallivan (Mass.), and sustained by Mr. Tilton, the appropriation was stricken from the deficiency bill because the action provided that the sum was to be used for guarding liquor in bonded warehouses. Mr. Gallivan charged that the national prohibition act made no mention of guarding this liquor, and therefore Congress could not appropriate money for action on the part of the enforcement authorities that had not been authorized.

The drys promptly marshaled their forces and reinserted an appropriation of \$1,000,000 provided only for the enforcement of the national prohibition act. Whether enforcement of the act can be construed to mean guarding the liquor probably will be left to the interpretation of the courts. Plans were to add 2,000 guards to the present force of 400, so that the stocks at about 800 warehouses may be protected.

PARIS CELEBRATES LEAGUE.
Leon Bourgeois Says All Are Wait-
ing for U. S. to Join.

PARIS, Jan. 30.—A public celebration of the organization of the League of Nations was held to-day in the Sorbonne, presided over by President Poincaré. Recounting the development of the idea carried out by the league M. Leon Bourgeois, who was the French member of the commission which drafted the League of Nations covenant, said:

"President Wilson, by his messages and his personal efforts, offered the means of realizing this ideal in a great international convention. Whatever defects there may be in it the pact of April 28, 1919, has sealed between the free peoples a solemn agreement for the union of the world for the safety and independence of all."

M. Bourgeois made a reference to the first meeting of the league on January 16, where, he said, there were found only the representatives of the United States of America, "for the adherence of which in the near future we are all waiting and hoping."

VOTE OF CONFIDENCE FOR FRENCH CABINET

Ballot 510 to 70, None Ab-
staining.

PARIS, Jan. 30.—The Cabinet of Premier Millerand was given a vote of confidence in the Chamber of Deputies today at a session attended by virtually all the members. The vote was 510 in favor of the ministry to 70 against it, and with no abstentions from voting.

The Premier threw down the gauntlet to the Opposition in replying to interpellations on the general policy of the Cabinet. "If the Chamber," said the Premier, "has thought for a moment that I would deprive myself of the service of any of the men whom I have chosen it has been badly mistaken and does not know me. The Chamber must decide immediately whether or not the Government has its confidence, in order that we may get to work."

Hoover Petition in Michigan.

LANSING, Mich., Jan. 30.—Petitions to place the name of Herbert Hoover on the Democratic ballot at the Presidential preference primary April 5 were received by the Secretary of State this morning. The petitions lacked the required 100 signatures, but it was indicated additional signatures would follow.

BRONX GRAND JURY FLAYS JUDGE GIBBS

Tell Him to Apologize for
Criticism of Martin.

Judge Louis D. Gibbs of the Bronx County Court invited District Attorney Francis Martin yesterday to lay before Gov. Alfred E. Smith all the records in their controversy over the acquittal of John Morris, a former Bronx patrolman, on a charge of burglary. The challenge was issued after the Bronx County Grand Jury had handed up a presentment concurring with Judge Gibbs and demanding a public apology to diep the odor of his accusations that during Morris's trial the District Attorney had coerced and intimidated witnesses.

As quoted in the presentment Judge Gibbs's statement was that there had been developments at the trial that were a "disgrace and a reproach to the enforcement of law and order," and that "witnesses have been intimidated, coerced and kept more or less under confinement for eight, nine or ten hours." He also charged perjury had been committed.

The Grand Jury examined Judge Gibbs for two hours on Thursday. The presentment says that in addition to Judge Gibbs all the witnesses in the Morris case were heard, and the record of the trial reviewed. It continues:

"There is no evidence anywhere in the record of any coercion, intimidation or sweating of witnesses. We further find that not one witness in the case was intimidated, coerced or sweated. We also desire to state that nothing Judge Gibbs testified to in any way substantiated his charges. So far as the charges that perjury had been committed and as to the source of perjury we find that the only perjury committed by the people's witnesses was committed in the Magistrate's Court, and that this perjury was suborned by John Morris, the defendant, who bribed these witnesses in order to have them testify falsely. It appeared from the record that Morris, when testifying in his own defense, admitted paying money to David Reider and Louis Rousseau."

TEN WOMEN HURT IN "BOB" RACE TRYOUT

Sled on Huntington Track
Swerves and Hits Tree.

Ten of the twenty women riders on a racing bobbed that was being tried out yesterday afternoon in a practice run just before the start of the big mid-winter contest at Huntington, L. I., were injured when the "bob" crashed into a tree and overturned. Mrs. Charles F. Romano, the most seriously hurt, may lose the sight of her right eye, physicians said. The others suffered cuts and bruises.

The wrecked sled was the Greyhound. Thomas Haggerty, the owner, had started from the hilltop and with the heavy load the "bob" sped to the bottom and then swerved sharply to the side of the road. When it hit the tree Haggerty and the women were thrown in every direction.

First prize for distance and time went to "1911," owned by Zeb Wilson of Bayville. The winner covered 3.218 feet in a fraction over forty-eight seconds. Second prize went to "Tartanula," a Huntington entrant.

TESCHEN CEDED TO CZECHS.

Poland to Receive Additional
Lands as Reward.

WASHINGTON, Jan. 30.—Cession of Teschen to Czechoslovakia by the Poles without a plebisite, in return for which Poland will be rewarded by the allied Powers turning over some lands east of the Polish boundaries, was announced in a cablegram received here today by the Czechoslovak Information Bureau.

New Dry Docking Record Set.

A port record was made by the Morse
Dry Dock and Repair Company yester-
day when the American liner New York
was moved into the Morse dock and

lifted in eighteen minutes actual pump-
ing time, which is the fastest dry dock-
ing in port annals. The Minnesota, a
ship of 30,000 cargo tons, was lifted
last week at the Morse yards in twenty-
two minutes.

Zion's World Message

PALESTINE RESTORED is a symbol to all mankind. The inspiring realities for which this symbol stands are the fulfillment of an ancient Promise and the restoration of a national soul to the sacred land which gave it birth.

Out of age-old, yet ever-living substance Zion is rebuilding. The racial and spiritual longing of Israel, never subdued through dispersion and persecution, is the secure foundation. The enduring trust of a people, ever faithful to the Promise, forms the staunch structure of the new Temple. Their hopes and their ideals are its arches and its traceries.

Not all the Jews will return to Palestine, but there the best of the inspired ideals, the intellectual conceptions and the material achievements of the Jews who have won distinction in every land through all the centuries, will once more find a center from which may radiate new zeal and inspiration—as of old.

The Restoration of Palestine marks the renaissance of a people—and more. It rededicates to the service of humanity a rejuvenated race.

Palestine the Old gave richly to all the world in the years that lie behind.

Palestine the New, inspired by the spirit of the old, and enriched by centuries of contact with all mankind, holds new promise for us all.

New Gifts to the World

"We look to you when you begin your permanent home in Palestine, to give a stimulus to its success under the influence of those traditions which you have carried over thirty or forty centuries. To give us a new intellectual life, a new intellectual stimulus, new types of creation in the field of art, philosophy, of science and of literature."—Viscount James Bryce, former British Ambassador to the United States.

JANUARY SALE

Men's
Winter Weight
Overcoats
\$39.75

There are several good reasons why now is a particularly good time to buy a new overcoat:

First, the one you are wearing is doubtless beginning to show signs of age.

Second, a good coat is imperative in the rough weather we always have in February and March.

Third, a purchase now will start you off next Winter with your coat problem solved.

Fourth, a coat bought now is sure to prove a good investment financially.

Our January Sale affords an opportunity of securing finely tailored overcoats at a very moderate price.

Fourth Floor
